Activity 2. Full analysis checklist.

Question	Answer for your chosen word
What is the phonemic transcription?	
Which consonants are present?	
Which vowels are present?	
What is the syllable structure?	
Where is the stress?	
Are there any allophones?	

Activity 3. Final revision quiz.

Write 10 short questions that cover at least 5 topics from the course. Include consonants, vowels, allophones, syllables, stress, and phonotactics.

Activity 4. Reflection and peer teaching.

Choose the most difficult topic and explain it to a partner in simple language. Then write: what was difficult, what example helped, and what you still need to revise.
